Subject: September 12th Solar Workshop

I am writing to ask the PSC to not delay the meeting that has been scheduled for September 12th. I have seen the request from Mr. Black to delay (<http://dms.psc.sc.gov/pdf/matters/BEA5F683-155D-141F-23B1469A46D713C5.pdf>) and ask that you proceed as scheduled with the Sept. 12th meeting date. While I think it is important for the advisory committee to complete its recommendations on how to account for future solar growth I also think it is very important to continue the public discussion on how existing rules can be improved to allow for limited amounts of solar competition right now.

Please hold the Sept 12th public hearing on net metering (PSC Docket #2005-385-E).

Thank you for your time,
Joy Brown
